Growatt Microinverter Warranty Card

For the Microinverter you purchased, you received a non-transferable Growatt factory warranty valid for 12 years which came first from the date of installation, and no more than twelve and a half years from the delivery date from Growatt New Energy Co., Ltd.

These warranty terms & conditions are only applied for devices originally purchased from Growatt for selling and installing in the defined destination set forth in the purchase orders in the oversea market (out of China), unless there are specially stipulated.

Paid warranty extension to 15, 20 years is also can be made with the extra process, only within 2 years from the date of delivery from Growatt.

This warranty includes all defects of design, components and manufacturing. Excluded from warranty are damages due to:

- Breaking the product seal (opening the casing) without proper approval
- Transport damage
- Incorrect installation or commissioning
- Failure to observe the user manual, the installation guide, and the maintenance regulations
- Unauthorized Modifications, changes, or attempted repairs
- Incorrect use or inappropriate operation
- Insufficient ventilation of the device
- Failure to observe the applicable safety regulations
- Force majeure (lightning, over voltage, storm, fire, flooding, war, thunderstorm, turmoil, etc.)

Damage caused by defects of other components in the solar system.

Warranty condition

If a device becomes defective during the agreed Growatt factory warranty period and provided that it will not be impossible or unreasonable, the device will be, as selected by Growatt:

repaired by Growatt, or repaired on-site, or exchanged for a replacement device of equivalent value according to model and age.

In the latter case, the remainder of the warranty entitlement will be transferred to the replacement device. In this case, you do not receive a new certificate since your entitlement is documented at Growatt.

In the latter 12 years, Growatt have the exclusive right to determine how to carry out the remained warranty. In case Growatt provide replacement for customers, Growatt are not responsible for any other sorts of costs during the service procedure in that period, including (but not limited to) logistics fare, labor cost, any kind of compensation. Also the replacement may have a little flaw on its surface, and the warranty excludes any general defects, if inverter is still generating power to grid.

Excessiveness in the meaning above exists in particular if the cost of the measures for Growatt would be unreasonable.

in view of the value that the device would have without the defect,

taking into account the significance of the defect, and

after consideration of alternative workaround possibilities that Growatt customers could revert to without significant inconvenience.

This warranty does not cover superficial or cosmetic defects, dents, marks or scratches, which do not affect the proper function of the inverter, especially for warranty replacement devices.

Due to the technological progress, the replacement part or replacement device provided may not be compatible with the system monitoring or monitoring device, or other components installed on-site. Costs incurred as a result are not part of this warranty service and will not be covered by Growatt.

Claims that go beyond the rights cited in the warranty conditions, in particular claims for compensation for direct or indirect damages, losses, arising from the defective device, for compensation for costs arising from disassembly and installation, or loss of profits are not covered by this warranty, unless Growatt is subject to statutory liability. In such cases, please contact the company that sold you the device. Possible claims in accordance with the product liability law remain unaffected.

Freight cost

- Growatt takes on the freight cost for products under warranty (Note: this is only to the devices' original selling country/region). Customers take on the custom clearance costs incurred.
- Customers take on the freight cost and other sort of related cost for warranty expired or voided products.
